INDEX TO VOLUME 12

This index covers the issues for 1997, as follows: January, pages 1–78; February, pages 79–140; March, pages 141–202; April, pages 203–262; April Supplement, pages S1–S110; May, pages 263–338; June, pages 339–402; July, pages 403–458; August, pages 459–522; September, pages 523–590; October, pages 591–662; November, pages 663–728; December, pages 729–806.

Abbreviations for Division Headings are as follows: (OR) Original Article; (BR) Brief Report; (CR) Clinical Review; (FRTP) From Research to Practice; (PER) Perspective; (ED) Editorial; (BOOK) Book Review; (LET) Letter; (REPLY) Reply.

Subjects

Abdominal pain
- First clinical judgment by primary care physicians distinguishes well between nonorganic and organic causes of abdominal or chest pain (Martina et al), 459(OR)

Accessibility
- AIDS clinical trials: is there access for all? (Lynn), 198(ED)
- Is language a barrier to the use of preventive services (Woloshin et al), 472(OR)

Activities of daily living
- Predictors of recovery in activities of daily living among disabled older persons living in the community (Gill et al), 757(OR)

Adult learning theory
- Impact of an evidence-based medicine curriculum based on adult learning theory (Green and Ellis), 742(OR)

Advance directives
- The HIV-specific advance directive (Singer et al), 729(OR)
- Increasing the use of advance directives in medical outpatients (Landry et al), 412(OR)

African-Americans
- Lack of gender and racial differences in surgery and mortality in hospitalized Medicare beneficiaries with bleeding peptic ulcer (Cooper et al), 485(OR)
- Ovarian aging and hormone replacement therapy: hormone levels, symptoms, and attitudes of African-American and white women (Pham et al), 230(OR)

Aging
- Ovarian aging and hormone replacement therapy: hormone levels, symptoms, and attitudes of African-American and white women (Pham et al), 230(OR)

AIDS
- AIDS clinical trials: is there access for all? (Lynn), 198(ED)
- Barriers to communication about end-of-life care in AIDS patients: a qualitative study of patients with AIDS and physicians with AIDS experience (Curtis and Patrick), 736(OR)
- Clinic services for persons with AIDS: experience in a high-prevalence state (Markson et al), 141(OR)
- Quality in HIV/AIDS care: specialty-related or experience-related? (Holmes), 195(ED)
- Quality of HIV/AIDS care (Frank) 517(LET); (Holmes) 518 (REPLY)
- Race, gender, drug use, and participation in AIDS clinical trials: lessons from a municipal hospital cohort (Stone et al), 150(OR)
- The utility of direct acid-fast stain of cerebrospinal fluid for the rapid diagnosis of tuberculous meningitis in patients with and without AIDS (Dural et al), 259(LET)
- Zidovudine adherence in persons with AIDS: the relation of patient beliefs about medication to self-termination of therapy (Smith et al), 216(OR)

Alcohol use disorders
- Item bias in the CAGE screening test for alcohol use disorders (Volk et al), 763(OR)
- Meta-analysis of randomized control trials addressing brief interventions in heavy alcohol drinkers (Wilk et al), 274(OR)

Allergic reactions
- Probable gastrointestinal toxicity of Kombucha tea: is this beverage healthy or harmful? (Srinivasan et al), 643(BR)

Alternative therapies
- Probable gastrointestinal toxicity of Kombucha tea: is this beverage healthy or harmful? (Srinivasan et al), 643(BR)

Ambulatory medical practice
- Assessing patients' expectations in ambulatory medicine practice: does the measurement approach make a difference? (Kravitz et al), 67(BR)

Anemia
- Conjunctival pallor and the presence of anemia (Mishriki), 455(LET)
- The relation of conjunctival pallor to the presence of anemia (Sheth et al), 102(OR)

Angiotensin-converting enzyme inhibitors
- Differences in generalist and specialist physicians' knowledge and use of angiotensin-converting enzyme inhibitors for congestive heart failure (Chin et al), 523(OR)
- Heart failure and angiotensin-converting enzyme inhibitors: is there a need for speciality care? (Scheiner and Kimmel), 581(ED)
- Utilization and dosing of angiotensin-converting enzyme inhibitors for heart failure: effect of physician speciality and patient characteristics (Chin et al), 563(BR)

Anticoagulation
- Should we just let the anticoagulation service do it? (Cheng), 258(LET)

Asian-Americans
- Asian-American patient ratings of physician primary care performance (Taira et al), 237(OR)

Aspirin
- The effect of comorbidity on use of thrombolysis or aspirin in patients with myocardial infarction eligible for treatment (McLaughlin et al), 1(OR)
- Effect of two aspirin pretreatment regimens on niacin-induced cutaneous reactions (Jungnickel et al), 591(OR)

Atherosclerosis
- Atherosclerotic risk factors are less intensively treated in patients with peripheral arterial disease than in patients with coronary artery disease (McDermott et al), 209(OR)

Athletes
- HIV-infected competitive athletes: What are the risks? What precautions should be taken? (Feller and Flanigan), 243 (PER)

Autism
- *Nobody Nowhere*, by Williams (Smith), 138(BOOK)

Autopsy
- Increasing autopsy rates at a public hospital (Souza and Rosner), 315(BR)

Back pain
- Primary care physicians' use of lumbar spine imaging tests: effects of guidelines and practice pattern feedback (Freeborn et al), 619(OR)

Benign prostatic hyperplasia
- Diagnosis and treatment of benign prostatic hyperplasia: practice patterns of primary care physicians (Collins et al), 224(OR)

Benzodiazepines
- Physicians' decisions to prescribe benzodiazepines for nervousness and insomnia (Brown et al), 44(OR)

Bias

Biased selection in tube feeding study. (Brackman)(LET); (O'Brien and Siegert)(REPLY)724
Item bias in the CAGE screening test for alcohol use disorders (Volk et al), 763(OR)
Bioethics. *See* Ethics
Bone densitometry
Physician characteristics associated with the use of bone densitometry (Papa and Weber), 781(BR)
Book reviews
Disease and Class: Tuberculosis and the Shaping of North American Society, by Feldberg, Leavitt and Vogel (Gelberg), 660
Essential Skills in Clinical Medicine, by Bardes (Fagan), 260
Field Epidemiology, by Gregg (Berlin), 401
The Foundation of Bioethics, by Engelhardt (Aulisio), 335
Internal Medicine and the Structures of Modern Medical Science: The University of Iowa, 1870-1990, by Anderson (Huddle), 587
Medicine, Society, and Faith in the Ancient and Medieval Worlds, by Amundsen (Pellegrino), 520
Nobody Nowhere, by Williams (Smith), 138
Nursing Negligence: Analyzing Malpractice in the Hospital Setting, by Beckmann (D'Antonio), 726
The Seasons of a Woman's Life, by Levinson (Caldicott), 456
Textbook of Primary Care Medicine, by Noble (Horowitz), 78
Breast cancer
The influence of knowledge and attitudes about breast cancer on mammography use among latinas and Anglo women (Hubbell et al), 505(BR)
The utility of follow-up testing after curative cancer therapy: a critical review and economic analysis (Edelman et al), 318(CR)
Why do patients of female physicians have higher rates of breast and cervical cancer screening? (Lurie et al), 34(OR)

CAGE questions
Item bias in the CAGE screening test for alcohol use disorders (Volk et al), 763(OR)
Calcium channel blockers
A computerized intervention to decrease the use of calcium channel blockers in hypertension (Rossi and Every), 672(OR)
Cambodian refugees
Hepatitis B among the Khmer: issues of translation and concepts of illness (Jackson et al), 292(OR)
Cancer. *See specific types of cancer*
Capitation
Primary care physicians and capitated reimbursement: experience, attitudes, and predictors (Cykert et al), 192(BR)
Career satisfaction
Career satisfaction and clinical-educators: the rewards and challenges of teaching (Gerrity et al), S90
Case-control study
What is a screening test? Misclassification bias in observational studies of screening for cancer (Concato), 607(OR)
Case-finding instruments
Case-finding instruments for depression: two questions are as good as many (Wholley et al), 439(OR)
Case mix
Measuring prognosis and case mix in hospitalized elders: the importance of functional status (Covinsky et al), 203(OR)
Cerebrovascular disease
An evidence-based approach to the clinical examination (Hatala et al), 182(FRTP)
Cervical cancer
Why do patients of female physicians have higher rates of breast and cervical cancer screening? (Lurie et al), 34(OR)
Chest pain
Clinical and echocardiographic correlates of health status in patients with acute chest pain (Fleischmann et al), 751(OR)
First clinical judgment by primary care physicians distinguishes well between nonorganic and organic causes of abdominal or chest pain (Martina et al), 459(OR)
Cholesterol
Effect of two aspirin pretreatment regimens on niacin-induced cutaneous reactions (Jungnickel et al), 591(OR)
The physician and pharmacist team: an effective approach to cholesterol reduction (Bogden et al), 158(OR)
Circulation
Chronic venous insufficiency and venous ulceration (Alguire and Mathes), 374(CR)
Circumcision
A balanced approach to traditional female genital surgeries (Hufford), 513(ED)
Female "circumcision": African women confront American medicine (Horowitz and Jackson), 491(PER)
Clinical database
Health status assessment: completing the clinical database (Wu et al), 254(ED)
Clinical examination
An evidence-based approach to the clinical examination (Hatala et al), 182(FRTP)
The best test in the least time. (Nardone)(LET); (Hatala)(REPLY)516
Clinical and echocardiographic correlates of health status in patients with acute chest pain (Fleischmann et al), 751(OR)
Prognostic value of the clinical examination of diabetic foot ulcer (Edelman et al), 537(OR)
Quantitative assessments from the clinical examination. (Cher)(LET); (Holleman and Simel)(REPLY)516
Quantitative assessments from the clinical examination: how should clinicians integrate the numerous results? (Holleman and Simel), 165(OR)
Clinical trials
AIDS clinical trials: is there access for all? (Lynn), 198(ED)
A clinician's view of statistics (Atkins), 500(FRTP)
Race, gender, drug use, and participation in AIDS clinical trials: lessons from a municipal hospital cohort (Stone et al), 150(OR)
Translating statistics for use in the clinic (Atkins), 626 (FRTP)
Clinician-educator
Career satisfaction and clinical-educators: The rewards and challenges of teaching (Gerrity et al), S90
The clinician-educator--present and future roles (Branch et al), S1(OR)
The clinician-teacher in managed care settings (Shorey et al), S98
Clinical practice guidelines in practice and education (Berg et al), S25
Communication and medical interview: strategies for learning and teaching (Kaplan et al), S49
Continuing medical education resources (Branch et al), S15
Evidence-based approach to the medical literature (Fletcher), S5
Faculty development: a resource for clinical teachers (Skeff et al), S56
Guidelines for promotion of clinical-educators (Lubitz), S71
How can clinicians incorporate research advances into practice? (Larson), S20
Institutional change: experiences in two departments (Humphrey et al), S79
Recruitment and retaining clinical-educators: lessons learned from three programs (Osborn et al), S83
Teaching in the outpatient clinic: practical tips (McGee and Irby), S34
Teaching procedural skills (Norris et al), S64
What is the cost of ambulatory education? (Adams and Eisenberg), S104
What if Osler were one of us? Inpatient teaching today (Ende), S41
Clostridium difficile
Predicting *Clostridium difficile* stool cytotoxin results in hospitalized patients with diarrhea (Katz et al), 57(OR)
Colorectal cancer
The utility of follow-up testing after curative cancer therapy: a critical review and economic analysis (Edelman et al), 318(CR)
Communication

Barriers to communication about end-of-life care in AIDS patients: A quantitative study of patients with AIDS and physicians with AIDS experience (Curtis and Patrick), 736(OR)
Communication and medical interview: strategies for learning and teaching (Kaplan et al), S49
Effects of self-administered previsit questionnaire to enhance awareness of patients' concerns in primary care (Hornberger et al), 597(OR)
Faculty development: a resource for clinical teachers (Skeff et al), S56
HIV risk assessment (Schechtel), 722(ED)
How and when should physicians discuss clinical decisions with patients? (Diem), 397(CR)
How do physicians respond to patient's requests for costly, unindicated services? (Gallagher et al), 663(OR)
The impact of feedback to medical housestaff on chart documentation and quality of care in the outpatient setting (Opila), 352(OR)
Is language a barrier to the use of preventive services (Woloshin et al), 472(OR)
Legal anxieties and medical mistakes: barriers and pretexts (Kapp), 787(ED)
Patients' preferences for risk disclosure and role in decision making for invasive medical procedures (Mazur and Hickam), 114(OR)
To tell the truth: ethical and practical issues in disclosing medical mistakes to patients (Wu et al), 770(PER)
Comorbidity
Do comorbidities influence the treatment of myocardial infarction? (Passman and Kimmel), 73(ED)
The effect of comorbidity on use of thrombolysis or aspirin in patients with myocardial infarction eligible for treatment (McLaughlin et al), 1(OR)
Computers. *See also* Internet
A computerized intervention to decrease the use of calcium channel blockers in hypertension (Rossi and Every), 672 (OR)
Congestive heart failure
Differences in generalist and specialist physicians' knowledge and use of angiotensin-converting enzyme inhibitors for congestive heart failure (Chin et al), 523(OR)
Heart failure and angiotensin-converting enzyme inhibitors: is there a need for speciality care? (Scheiner and Kimmel), 581(ED)
Utilization and dosing of angiotensin-converting enzyme inhibitors for heart failure: effect of physician speciality and patient characteristics (Chin et al), 563(BR)
Conjunctiva
Conjunctival pallor and the presence of anemia (Mishriki), 455(LET)
The relation of conjunctival pallor to the presence of anemia (Sheth et al), 102(OR)
Constipation
Constipation happens (Valliant), 75(ED)
How do older persons define constipation? Implications for therapeutic management (Harari et al), 63(BR)
The treatment of chronic constipation in adults: A systematic review (Tramonte et al), 15(OR)
Coronary angiography
Attitudes about treatment of coronary heart disease among women and men presenting for exercise testing (Ayanian and Epstein), 311(BR)
Do physicians do what they say? The inclination to test and its association with coronary angiography rates (Wennberg et al), 172(OR)
Coronary artery bypass
Attitudes about treatment of coronary heart disease among women and men presenting for exercise testing (Ayanian and Epstein), 311(BR)
Do patient preferences contribute to racial differences in cardiovascular procedure use? (Whittle et al), 267(OR)
Coronary heart disease
Atherosclerotic risk factors are less intensively treated in patients with peripheral arterial disease than in patients with coronary artery disease (McDermott et al), 209(OR)
Attitudes about treatment of coronary heart disease among women and men presenting for exercise testing (Ayanian and Epstein), 311(BR)
Gender and coronary disease (Fiebach), 132(ED)
Perceived adequacy of tangible social support and health outcomes in patients with coronary artery disease (Woloshin et al), 613(OR)
The physician and pharmacist team: an effective approach to cholesterol reduction (Bogden et al), 158(OR)
Cost-effectiveness analysis
Assessing the effectiveness of health interventions for cost-effectiveness analysis (Mandelblatt et al), 551(FRTP)
Counseling
Counseling patients about HIV risk from oral sex (Gerbert et al), 698(PER)
Screening, prevention, counseling, and treatment for complications of type II diabetes mellitus: putting evidence into practice (Vijan et al), 567(CR)
Creative Writing
Ave Regina (Genovese), 484
A blessed 1996 greeting (Hedrick), 741
Blood brothers (Elsner), 559(PER)
Ghost in the machine-dedicated to Willy Sneed (Hedayat), 477
Go gently, little one (Carlough), 658
His heart (Malcolm), 645
Lightness (Snyder), 636
Love poem of the rural doc (Cozzi), 750
Marathon Day '96 (Raskin), 618
Mr. McWilliams and the ingrown nail (Callahan), 637 (PER)
Our puzzle (Houck), 446
Quartet: The doctor's wife needs an operation (Platt), 471
The 3:30 patient (Kurie), 448
Till death do us part (Pisetsky), 705 (PER)
The scalpel's edge (Tuttleton), 668
Trudie (Kozuch), 561 (PER)
Some Pompeian artifact (Hedayat), 562
Veteran's day (Snyder), 704
Cytotoxins
Predicting *Clostridium difficile* stool cytotoxin results in hospitalized patients with diarrhea (Katz et al), 57(OR)

Decision making
A decision analysis for treatment of clinically localized prostate cancer (Kattan et al), 299(OR)
Do physicians do what they say? The inclination to test and its association with coronary angiography rates (Wennberg et al), 172(OR)
How and when should physicians discuss clinical decisions with patients? (Diem), 397(ED)
How doctors and patients discuss routine clinical decisions: Informed decision making in the outpatient setting (Braddock et al), 339(OR)
Patients' preferences for risk disclosure and role in decision making for invasive medical procedures (Mazur and Hickam), 114(OR)
Preferences of physicians and their patients for end-of-life care (Gramelspacher et al), 346(OR)
Questioning decision analysis for treatment of clinically localized prostate cancer, (Cher)(LET); (Kattan et al)(REPLY)659
Two times what? Quantity and quality of life in tube feeding decisions (Youngner et al), 134(ED)
Depression
Case-finding instruments for depression: two questions are as good as many (Whooley et al), 439(OR)
Identification of patient attitudes and preferences regarding treatment of depression (Cooper-Patrick et al), 431(OR)
Screening for depression, (Nardone and Smith)(LET); (Whooley et al)(REPLY)789
Symptoms of major depression and tricyclic side effects in primary care patients (Rollman et al), 284(OR)
Diabetes
Diabetes web site (Caputo), 201(LET)
Prognostic value of the clinical examination of diabetic foot ulcer (Edelman et al), 537(OR)

Screening, prevention, counseling, and treatment for complications of type II diabetes mellitus: putting evidence into practice (Vijan et al), 567(CR)
Diagnostic imaging
Primary care physicians' use of lumbar spine imaging tests: effects of guidelines and practice pattern feedback (Freeborn et al), 619(OR)
Utilization of outpatient diagnostic imaging: does the physician's gender play a role? (Rosen et al), 407(OR)
Diarrhea
Predicting *Clostridium difficile* stool cytotoxin results in hospitalized patients with diarrhea (Katz et al), 57(OR)
Digital rectal examination
What is a screening test? Misclassification bias in observational studies of screening for cancer (Concato), 607(OR)
Disabled persons
Predictors of recovery in activities of daily living among disabled older persons living in the community (Gill et al), 757(OR)
Primary care for the developmentally disabled adult (Messinger-Rapport and Rapport), 629(PER)
Disclosure
Legal anxieties and medical mistakes: barriers and pretexts (Kapp), 787(ED)
Patients' preferences for risk disclosure and role in decision making for invasive medical procedures (Mazur and Hickam), 114(OR)
To tell the truth: ethical and practical issues in disclosing medical mistakes to patients (Wu et al), 770(PER)
Documentation
The impact of feedback to medical housestaff on chart documentation and quality of care in the outpatient setting (Opila), 352(OR)
Drug abuse
Race, gender, drug use, and participation in AIDS clinical trials: lessons from a municipal hospital cohort (Stone et al), 150(OR)

Echocardiography
Clinical and echocardiographic correlates of health status in patients with acute chest pain (Fleischmann et al), 751(OR)
Economics
Costly outcomes of education--another case of nature versus nurture (Bellini and Ende), 399(CR)
How do physicians respond to patients' requests for costly, unindicated services? (Gallagher et al), 663(ED)
What is the cost of ambulatory education? (Adams and Eisenberg), S104
Education. *See* Medical education; Patient education
Elderly
Development and validation of a geriatrics knowledge test for primary care residents (Reuben et al), 450(BR)
Elderly veterans receiving care at a Veterans Affairs Medical Center while enrolled in Medicare-financed HMOs: Is the taxpayer paying twice? (Passman et al), 247(BR)
How do older persons define constipation? Implications for therapeutic management (Harari et al), 63(BR)
Hyperkalemia in the elderly: drugs exacerbate impaired potassium homeostasis (Perazella and Mahnensmith), 646(CR)
Measuring prognosis and case mix in hospitalized elders: the importance of functional status (Covinsky et al), 203(OR)
Predictors of recovery in activities of daily living among disabled older persons living in the community (Gill et al), 757(OR)
Primary care for the developmentally disabled adult (Messinger-Rapport and Rapport), 629(PER)
Tube feeding preferences among nursing home residents (O'Brien et al), 364(OR)
Elective surgery
Health-related quality of life after elective surgery: measurement of longitudinal changes (Mangione et al), 686(OR)
Emergency department
Do internists and emergency physicians agree on the appropriateness of emergency department visits? (O'Brien et al), 188(BR)
Emotional distress
Patients' perspectives on the management of emotional distress in primary care settings (Brody et al), 403(OR)
End-of-life care
Barriers to communication about end-of-life care in AIDS patients: a qualitative study of patients with AIDS and physicians with AIDS experience (Curtis and Patrick), 736(OR)
End-of-life care in HIV disease (Wilson), 784(ED)
The HIV-specific advance directive (Singer et al), 729(OR)
Increasing the use of advance directives in medical outpatients (Landry et al), 412(OR)
Preferences of physicians and their patients for end-of-life care (Gramelspacher et al), 346(OR)
Epidemiology
Field Epidemiology, by Gregg (Berlin), 401(BOOK)
Errors, medical
Legal anxieties and medical mistakes: barriers and pretexts (Kapp), 787(ED)
To tell the truth: ethical and practical issues in disclosing medical mistakes to patients (Wu et al), 770(PER)
Erythromycin
The effect of erythromycin on resolution of symptoms among adults with pharyngitis not caused by group A streptococcus (Petersen et al), 95(OR)
Estrogen replacement therapy
Physician gender and estrogen replacement therapy (Lacroix, et al)(LET); (Seto and Phillips)(REPLY)334
Ethics
The Foundation of Bioethics, by Engelhardt (Aulisio), 335(BOOK)
Legal anxieties and medical mistakes: barriers and pretexts (Kapp), 787(ED)
Medical student name tags: identification or obfuscation (Silver-Isenstadt and Ubel), 669(OR)
To tell the truth: ethical and practical issues in disclosing medical mistakes to patients (Wu et al), 770(PER)
Exercise
Attitudes about treatment of coronary heart disease among women and men presenting for exercise testing (Ayanian and Epstein), 311(BR)
HIV-infected competitive athletes: What are the risks? What precautions should be taken? (Feller and Flanigan), 243(PER)

Faculty. *See also* Clinician-educator
Faculty development: the relation for clinical teachers (Skeff et al), S56
Institutional change: experiences in two departments (Humphrey et al), S79
Using relative value units to measure faculty clinical productivity in an academic health science center (Albritton et al), 715(BR)
Foot
Prognostic value of the clinical examination of diabetic foot ulcer (Edelman et al), 537(OR)
Functional status
Clinical and echocardiographic correlates of health status in patients with acute chest pain (Fleischmann et al), 751(OR)
Measuring prognosis and case mix in hospitalized elders: the importance of functional status (Covinsky et al), 203(OR)
Perceived adequacy of tangible social support and health outcomes in patients with coronary artery disease (Woloshin et al), 613(OR)
Predictors of recovery in activities of daily living among disabled older persons living in the community (Gill et al), 757(OR)

Gastrointestinal system
Probable gastrointestinal toxicity of Kombucha tea: Is this beverage healthy or harmful? (Srinivasan et al), 643(BR)
Gender differences
Gender and coronary disease (Fiebach), 132(ED)
Lack of gender and racial differences in surgery and mor-

tality in hospitalized Medicare beneficiaries with bleeding peptic ulcer (Cooper et al), 485(OR)
Physician gender and estrogen replacement therapy, (Lacroix et al)(LET); (Seto and Phillips)(REPLY)334
Presentations of acute myocardial infarction in men and women (Zucker et al), 79 (OR)
Race, gender, drug use, and participation in AIDS clinical trials: lessons from a municipal hospital cohort (Stone et al), 150(OR)
Utilization of outpatient diagnostic imaging: does the physician's gender play a role? (Rosen et al), 407(OR)
Genital surgery
A balanced approach to traditional female genital surgeries (Hufford), 513(ED)
Female "circumcision": African women confront American medicine (Horowitz and Jackson), 491(PER)
Geriatrics
Development and validation of a geriatrics knowledge test for primary care residents (Reuben et al), 450(BR)
Grief

Health care financing
Elderly veterans receiving care at a Veterans Affairs Medical Center while enrolled in Medicare-financed HMOs: Is the taxpayer paying twice? (Passman et al), 247(BR)
Primary care physicians and capitated reimbursement: experience, attitudes, and predictors (Cykert et al), 192(BR)
Health maintenance organizations
Elderly veterans receiving care at a Veterans Affairs Medical Center while enrolled in Medicare-financed HMOs: Is the taxpayer paying twice (Passman et al), 247(BR)
Veterans, Medicare, and health maintenance organizations: where is the value? (Feussner), 256(ED)
Health outcomes
Perceived adequacy of tangible social support and health outcomes in patients with coronary artery disease (Woloshin et al), 613(OR)
Health status
Health status assessment: completing the clinical database (Wu et al), 254(ED)
Heart disease. *See* Coronary heart disease
Hepatitis
Hepatitis B among the Khmer: issues of translation and concepts of illness (Jackson et al), 292(OR)
Hispanics
The influence of knowledge and attitudes about breast cancer on mammography use among latinas and Anglo women (Hubbell et al), 505(BR)
HIV infection. *See also* AIDS
Childhood sexual abuse among homosexual men: prevalence and association with unsafe sex (Lenderking et al), 250(BR)
Counseling patients about HIV risk from oral sex (Gerbert et al), 698(PER)
Effect of subspeciality training and experience on agreement with HIV guidelines (Horsburgh et al), 518(LET)
End-of-life care in HIV disease (Wilson), 784(ED)
HIV-infected competitive athletes: What are the risks? What precautions should be taken? (Feller and Flanigan), 243 (PER)
HIV risk assessment (Schechtel), 722(ED)
HIV risk screening in the primary care setting: assessment of physician's skills (Wenrich et al), 107(OR)
The HIV-specific advance directive
The HIV-specific advance directive (Singer et al), 729(OR)
Quality in HIV/AIDS care: specialty-related or experience-related? (Holmes), 195(ED)
Quality of HIV/AIDS care, (Frank)(LET)517; (Holmes)(REPLY)518
So much to do, so little time (Liss), 135(ED)
Hodgkin's disease
The utility of follow-up testing after curative cancer therapy: a critical review and economic analysis (Edelman et al), 318(CR)
Homeless population
Correlates of controlled hypertension in indigent, inner-city hypertensive patients (Ahluwalia et al), 7(OR)
Tuberculosis skin testing among homeless adults (Gelberg et al), 25(OR)
Homosexuals
Childhood sexual abuse among homosexual men: prevalence and association with unsafe sex (Lenderking et al), 250(BR)
Hormone replacement therapy
Ovarian-aging and hormone replacement therapy: hormone levels, symptoms, and attitudes of African-American and white women (Pham et al), 230(OR)
Hospital admissions
A regional evaluation of variation in low-severity hospital admissions (Rosenthal et al), 416(OR)
Hospitalization
Measuring prognosis and case mix in hospitalized elders: the importance of functional status (Covinsky et al), 203 (OR)
Hyperaldosteronism
Hyperkalemia in the elderly: drugs exacerbate impaired potassium homeostasis (Perazella and Mahnensmith), 646 (CR)
Hypercholesterolemia
The physician and pharmacist team: an effective approach to cholesterol reduction (Bogden et al), 158(OR)
Hyperkalemia
Hyperkalemia in the elderly: drugs exacerbate impaired potassium homeostasis (Perazella and Mahnensmith), 646 (CR)
Hypertension
A computerized intervention to decrease the use of calcium channel blockers in hypertension (Rossi and Every), 672 (OR)
Correlates of controlled hypertension in indigent, inner-city hypertensive patients (Ahluwalia et al), 7(OR)
Hypothyroidism
Do traditional symptoms of hypothyroidism correlate with biochemical disease? (Canaris et al), 544(OR)

Informed consent
Medical student name tags: identification or obfuscation (Silver-Isenstadt and Ubel), 669(OR)
Inpatient teaching
What if Osler were one of us? Inpatient teaching today (Ende), S41
Insomnia
Physicians' decisions to prescribe benzodiazepines for nervousness and insomnia (Brown et al), 44(OR)
Internal medicine
Determinants of case selection at morning report (Ramratnam et al), 263(OR)
Discrimination and abuse in internal medicine residency, (Paola and Milik)(LET); (Cook and Kane)(REPLY)137
Do internists and emergency physicians agree on the appropriateness of emergency department visits? (O'Brien et al), 188(BR)
Effectiveness of a skin cancer control educational intervention for internal medicine housestaff and attending physicians (Dolan et al), 531(OR)
Internal Medicine and the Structures of Modern Medical Science: The University of Iowa, 1870-1990, by Anderson (Huddle), 587(BOOK)
Internal medicine residency training and outcomes (Griffith et al), 390(CR)
Primary care internal medicine training and women's health (Staropoli et al), 129(BR)
Internet
Diabetes web site (Caputo), 201(LET)
Evidence-based approach to the medical literature (Fletcher), S5
Medical information on the internet: a study of an electronic bulletin board (Culver et al), 466(OR)
Online, health-related discussion groups: what we should know to do (Osheroff), 511(ED)
Interns

Intern call structure and patient satisfaction (Babbott), 586 (LET)
Intern call structure and patient satisfaction (Griffith et al), 308(BR)
Invasive medical procedures
Patients' preferences for risk disclosure and role in decision making for invasive medical procedures (Mazur and Hickam), 114(OR)

Job satisfaction
Career satisfaction and clinical-educators: The rewards and challenges of teaching (Gerrity et al), S90
Physician job satisfaction: developing a model using qualitative data (McMurray et al), 711(BR)

Kidney
Hyperkalemia in the elderly: drugs exacerbate impaired potassium homeostasis (Perazella and Mahnensmith), 646 (CR)
Kidney transplant candidates' views of the transplant allocation system (Louis et al), 478(OR)
Kombucha tea
Probable gastrointestinal toxicity of Kombucha tea: Is this beverage healthy or harmful? (Srinivasan et al), 643(BR)

Language
Is language a barrier to the use of preventive services (Woloshin et al), 472(OR)
Legal issues
HIV-infected competitive athletes: What are the risks? What precautions should be taken? (Feller and Flanigan), 243(PER)
Legal anxieties and medical mistakes: barriers and pretexts (Kapp), 787(ED)
Lipids
Effect of two aspirin pretreatment regimens on niacin-induced cutaneous reactions (Jungnickel et al), 591(OR)
The physician and pharmacist team: an effective approach to cholesterol reduction (Bogden et al), 158(OR)
Lung cancer
The utility of follow-up testing after curative cancer therapy: a critical review and economic analysis (Edelman et al), 318(CR)
Lymphoma
The utility of follow-up testing after curative cancer therapy: a critical review and economic analysis (Edelman et al), 318(CR)

Malpractice
Nursing Negligence: Analyzing Malpractice in the Hospital Setting, by Beckmann (D'Antonio), 726(BOOK)
Mammography
The influence of knowledge and attitudes about breast cancer on mammography use among latinas and Anglo women (Hubbell et al), 505(BR)
Redesigning primary care processes to improve the offering of mammography: the use of clinical protocols by nonphysicians (McCarthy et al), 357(OR)
Managed care
The clinician-teacher in managed care settings (Shorey et al), S98
How do physicians respond to patient's requests for costly, unindicated services? (Gallagher et al), 663(OR)
Medical education. *See also* Clinician-educator; Teaching skills
Are fourth-year medical students effective teachers of physical examination to first-year medical students? (Haist et al), 177(OR)
Clinical practice guidelines in practice and education (Berg et al), S25
The clinician-educator--present and future roles (Branch et al), S1(OR)
Continuing medical education resources (Branch et al), S15
Costly outcomes of education--another case of nature versus nurture (Bellini and Ende), 399(ED)
Determinants of case selection at morning report (Ramratnam et al), 263(OR)
Development and validation of a geriatrics knowledge test for primary care residents (Reuben et al), 450(BR)
Differences in generalist and specialist physicians' knowledge and use of angiotensin-converting enzyme inhibitors for congestive heart failure (Chin et al), 523(OR)
Discrimination and abuse in internal medicine residency, (Paola and Milik)(LET); (Cook and Kane)(REPLY)137
Effectiveness of a skin cancer control educational intervention for internal medicine housestaff and attending physicians (Dolan et al), 531(OR)
The effect of primary care training on patient satisfaction ratings (Bialor et al), 776(BR)
Effect of subspeciality training and experience on agreement with HIV guidelines (Horsburgh et al), 518(LET)
Effects of an educational intervention on residents' knowledge and attitudes toward interactions with pharmaceutical representatives (Hopper et al), 639(BR)
Essential Skills in Clinical Medicine, by Bardes (Fagan), 260(BOOK)
Faculty development: a resource for clinical teachers (Skeff et al), S56
Impact of an evidence-based medicine curriculum based on adult learning theory (Green and Ellis), 742(OR)
Institutional change: experiences in two departments (Humphrey et al), S79
Internal medicine residency training and outcomes (Griffith et al), 390(CR)
Medical student name tags: identification or obfuscation: identification or obfuscation (Silver-Isenstadt and Ubel), 669(OR)
Our continuing interest in manuscripts about education (Veet et al), 583(ED)
Primary care internal medicine training and women's health (Staropoli et al), 129(BR)
The social transformation of medical morning report (Parrino), 332(ED)
Using relative value units to measure faculty clinical productivity in an academic health science center (Albritton et al), 715(BR)
What is the cost of ambulatory education? (Adams and Eisenberg), S104
Medical information
Medical information on the internet: a study of an electronic bulletin board (Culver et al), 466(OR)
Medical interview
Communication and medical interview: strategies for learning and teaching (Kaplan et al), S49
Medical literature
Evidence-based approach to the medical literature (Fletcher), S5
Meta-analysis of randomized control trials addressing brief interventions in heavy alcohol drinkers (Wilk et al), 274(OR)
Medical students
Are fourth-year medical students effective teachers of physical examination to first-year medical students? (Haist et al), 177(OR)
Determinants of case selection at morning report (Ramratnam et al), 263(OR)
Discrimination and abuse in internal medicine residency (Paola and Milik)(LET); (Cook and Kane)(REPLY)137
The impact of role models on medical students (Wright et al), 53(OR)
Medical student name tags: identification or obfuscation? (Silver-Isenstadt and Ubel), 669(OR)
Why medical students are 'medical students' (Howell), 718(ED)
Medical translation
Hepatitis B among the Khmer: issues of translation and concepts of illness (Jackson et al), 292(OR)
Medicare
Elderly veterans receiving care at a Veterans Affairs Medical Center while enrolled in Medicare-financed HMOs: Is the taxpayer paying twice (Passman et al), 247(BR)
Lack of gender and racial differences in surgery and mortality in hospitalized Medicare beneficiaries with bleeding peptic ulcer (Cooper et al), 485(OR)

Veterans, Medicare, and health maintenance organizations: where is the value? (Feussner), 256(ED)
Men
Attitudes about treatment of coronary heart disease among women and men presenting for exercise testing (Ayanian and Epstein), 311(BR)
Meningitis
The utility of direct acid-fast stain of cerebrospinal fluid for the rapid diagnosis of tuberculous meningitis in patients with and without AIDS (Dural et al), 259(LET)
Menopause
Ovarian aging and hormone replacement therapy: hormone levels, symptoms, and attitudes of African-American and white women (Pham et al), 230(OR)
Mental illness
Screening for psychiatric illness with a two-step instrument: what level of support is needed? (Valenstein et al), 679(OR)
Meta-analysis
Meta-analysis of randomized control trials addressing brief interventions in heavy alcohol drinkers (Wilk et al), 274(OR)
Morning report
Determinants of case selection at morning report (Ramratnam et al), 263(OR)
The social transformation of medical morning report (Parrino), 332(ED)
Mortality
Is there an easier way to determine whether early detection of prostate cancer reduces mortality? (Barry), 657(BR)
Lack of gender and racial differences in surgery and mortality in hospitalized Medicare beneficiaries with bleeding peptic ulcer (Cooper et al), 485(OR)
Multiple likelihood ratios
Quantitative assessments from the clinical examination: how should clinicians integrate the numerous results? (Holleman and Simel), 165(OR)
Myocardial infarction
Do comorbidities influence the treatment of myocardial infarction? (Passman and Kimmel), 73(ED)
The effect of comorbidity on use of thrombolysis or aspirin in patients with myocardial infarction eligible for treatment (McLaughlin et al), 1(OR)
Presentations of acute myocardial infarction in men and women (Zucker et al), 79(OR)

Nervousness
Physicians' decisions to prescribe benzodiazepines for nervousness and insomnia (Brown et al), 44(OR)
Niacin
Effect of two aspirin pretreatment regimens on niacin-induced cutaneous reactions (Jungnickel et al), 591(OR)
Non-Hodgkin's lymphoma
The utility of follow-up testing after curative cancer therapy: a critical review and economic analysis (Edelman et al), 318(CR)
Nortriptyline
Symptoms of major depression and tricyclic side effects in primary care patients (Rollman et al), 284(OR)
Nursing home residents
Tube feeding preferences among nursing home residents (O'Brien et al), 364(OR)

On-call systems
Intern call structure and patient satisfaction (Babbott), 586(LET)
Intern call structure and patient satisfaction (Griffith et al), 308(BR)
Osteoporosis
Physician characteristics associated with the use of bone densitometry (Papa and Weber), 781(BR)
Outcome assessment
Assessing the effectiveness of health interventions for cost-effectiveness analysis (Mandelblatt et al), 551(FRTP)
Measuring symptomatic and functional recovery in patients with community-acquired pneumonia (Metlay et al), 423(OR)
Outpatients
First clinical judgment by primary care physicians distinguishes well between nonorganic and organic causes of abdominal or chest pain (Martina et al), 459(OR)
The impact of feedback to medical housestaff on chart documentation and quality of care in the outpatient setting (Opila), 352(OR)
Increasing the use of advance directives in medical outpatients (Landry et al), 412(OR)
Teaching in the outpatient clinic: practical tips (McGee and Irby), S34
Utilization of outpatient diagnostic imaging: does the physicianõs gender play a role? (Rosen et al), 407(OR)
Ovaries
Ovarian aging and hormone replacement therapy: hormone levels, symptoms, and attitudes of African-American and white women (Pham et al), 230(OR)

Pain
Clinical and echocardiographic correlates of health status in patients with acute chest pain (Fleischmann et al), 751(OR)
The efficacy of selective serotonin reuptake inhibitors for the management of chronic pain (Jung et al), 384(CR)
First clinical judgment by primary care physicians distinguishes well between nonorganic and organic causes of abdominal or chest pain (Martina et al), 459(OR)
Why should I live in pain? (Rifkin), 372(PER)
Patient beliefs
Assessing patients' expectations in ambulatory medicine practice: does the measurement approach make a difference (Kravitz et al), 67(BR)
Attitudes about treatment of coronary heart disease among women and men presenting for exercise testing (Ayanian and Epstein), 311(BR)
Identification of patient attitudes and preferences regarding treatment of depression (Cooper-Patrick et al), 431(OR)
Kidney transplant candidates' views of the transplant allocation system (Louis et al), 478(OR)
Ovarian aging and hormone replacement therapy: hormone levels, symptoms, and attitudes of African-American and white women (Pham et al), 230(OR)
Patients' perspectives on the management of emotional distress in primary care settings (Brody et al), 403(OR)
Zidovudine adherence in persons with AIDS: the relation of patient beliefs about medication to self-termination of therapy (Smith et al), 216(OR)
Patient education
Screening, prevention, counseling, and treatment for complications of type II diabetes mellitus: putting evidence into practice (Vijan et al), 567(CR)
Patient-physician relationship. *See* Physician-patient relationship
Patient preferences
Do patient preferences contribute to racial differences in cardiovascular procedure use? (Whittle et al), 267(OR)
Identification of patient attitudes and preferences regarding treatment of depression (Cooper-Patrick et al), 431(OR)
Patients' preferences for risk disclosure and role in decision making for invasive medical procedures (Mazur and Hickam), 114(OR)
Patient satisfaction
Asian-American patient ratings of physician primary care performance (Taira et al), 237(OR)
The effect of primary care training on patient satisfaction ratings (Bialor et al), 776(BR)
Effects of self-administered previsit questionnaire to enhance awareness of patients' concerns in primary care (Hornberger et al), 597(OR)
How do physicians respond to patient's requests for costly, unindicated services? (Gallagher et al), 663(OR)
Intern call structure and patient satisfaction (Babbott), 586(LET)
Intern call structure and patient satisfaction (Griffith et al), 308(BR)
Perceived adequacy of tangible social support and health outcomes in patients with coronary artery disease (Woloshin et al), 613(OR)

Peptic ulcer
Lack of gender and racial differences in surgery and mortality in hospitalized Medicare beneficiaries with bleeding peptic ulcer (Cooper et al), 485(OR)
Percutaneous endoscopic gastrostomy
Survival estimates for patients with abnormal swallowing studies (Cowen et al), 88(OR)
Percutaneous transluminal coronary angioplasty
Do patient preferences contribute to racial differences in cardiovascular procedure use? (Whittle et al), 267(OR)
Peripheral vascular disease
An evidence-based approach to the clinical examination (Hatala et al), 182(FRTP)
Atherosclerotic risk factors are less intensively treated in patients with peripheral arterial disease than in patients with coronary artery disease (Pham et al), 209(OR)
Pharmaceutical industry
Does pharmaceutical marketing actually have real and proven value? (Cheng), 258(LET)
Effects of an educational intervention on residents' knowledge and attitudes toward interactions with pharmaceutical representatives (Hopper et al), 639(BR)
Pharmacists
The physician and pharmacist team, (Cato)(LET)724; (Bogden)(REPLY)725
The physician and pharmacist team: an effective approach to cholesterol reduction (Bogden et al), 158(OR)
Pharyngitis
The effect of erythromycin on resolution of symptoms among adults with pharyngitis not caused by group A streptococcus (Petersen et al), 95(OR)
Physical examination
An evidence-based approach to the clinical examination (Hatala et al), 182(FRTP)
Are fourth-year medical students effective teachers of physical examination to first-year medical students? (Haist et al), 177(OR)
Quantitative assessments from the clinical examination: how should clinicians integrate the numerous results? (Holleman and Simel), 165(OR)
Physician characteristics
Physician characteristics associated with the use of bone densitometry (Papa and Weber), 781(BR)
Physician conduct
Do physicians do what they say? The inclination to test and its association with coronary angiography rates (Wennberg et al), 172(OR)
Effectiveness of a skin cancer control educational intervention for internal medicine housestaff and attending physicians (Dolan et al), 531(OR)
The impact of role models on medical students (Wright et al), 53(OR)
Physician-educator. *See* Clinician-educator
Physician feedback
The impact of feedback to medical housestaff on chart documentation and quality of care in the outpatient setting (Opila), 352(OR)
Primary care physicians' use of lumbar spine imaging tests: effects of guidelines and practice pattern feedback (Freeborn et al), 619(OR)
Physician gender
Physician gender and estrogen replacement therapy, (Lacroix, et al)(LET);(Seto and Phillips)(Reply)334
Utilization of outpatient diagnostic imaging: does the physician's gender play a role? (Rosen et al), 407(OR)
Why do patients of female physicians have higher rates of breast and cervical cancer screening? (Lurie et al), 34(OR)
Physician judgment
First clinical judgment by primary care physicians distinguishes well between nonorganic and organic causes of abdominal or chest pain (Martina et al), 459(OR)
Physicians' decisions to prescribe benzodiazepines for nervousness and insomnia (Brown et al), 44(OR)
Physician knowledge/experience
A clinician's view of statistics (Atkins), 500(FRTP)
Differences in generalist and specialist physicians' knowledge and use of angiotensin-converting enzyme inhibitors for congestive heart failure (Chin et al), 523(OR)
Essential Skills in Clinical Medicine, by Bardes (Fagan), 260(BOOK)
HIV risk screening in the primary care setting: assessment of physician's skills (Wenrich et al), 107(OR)
How can clinicians incorporate research advances into practice? (Larson), S20
Primary care physicians and capitated reimbursement: experience, attitudes, and predictors (Cykert et al), 192(BR)
Quantitative assessments from the clinical examination: how should clinicians integrate the numerous results? (Holleman and Simel), 165(OR)
Should we just let the anticoagulation service do it? (Cheng), 258(LET)
Physician-patient relationship. *See also* Communication
Do patient preferences contribute to racial differences in cardiovascular procedure use? (Whittle et al), 267(OR)
Emotions and medicine: What do patients expect from their physicians? (Gallo), 453(ED)
HIV risk assessment (Schechtel), 722(ED)
How and when should physicians discuss clinical decisions with patients? (Diem), 397(CR)
How doctors and patients discuss routine clinical decisions: Informed decision making in the outpatient setting (Braddock et al), 339(OR)
How do physicians respond to patient's requests for costly, unindicated services? (Gallagher et al), 663(OR)
Preferences of physicians and their patients for end-of-life care (Gramelspacher et al), 346(OR)
Physician performance
Asian-American patient ratings of physician primary care performance (Taira et al), 237(OR)
Physician satisfaction
Physician job satisfaction: developing a model using qualitative data (McMurray et al), 711(BR)
Physician teamwork
Do internists and emergency physicians agree on the appropriateness of emergency department visits? (O'Brien et al), 188(BR)
The physician and pharmacist team, (Cato)(LET)724; (Bogden)(REPLY)725
The physician and pharmacist team: an effective approach to cholesterol reduction (Bogden et al), 158(OR)
Pneumonia
Measuring symptomatic and functional recovery in patients with community-acquired pneumonia (Metlay et al), 423(OR)
Potassium
Hyperkalemia in the elderly: drugs exacerbate impaired potassium homeostasis (Perazella and Mahnensmith), 646(CR)
Prediction
Predictors of recovery in activities of daily living among disabled older persons living in the community (Gill et al), 757(OR)
Prevention
Screening, prevention, counseling, and treatment for complications of type II diabetes mellitus: putting evidence into practice (Vijan et al), 567(CR)
Preventive health care services
Is language a barrier to the use of preventive services (Woloshin et al), 472(OR)
Primary care setting
Asian-American patient ratings of physician primary care performance (Taira et al), 237(OR)
Clinical practice guidelines in practice and education (Berg et al), S25
Clinic services for persons with AIDS: experience in a high-prevalence state (Markson et al), 141(OR)
Development and validation of a geriatrics knowledge test for primary care residents (Reuben et al), 450(BR)
Diagnosis and treatment of benign prostatic hyperplasia: practice patterns of primary care physicians (Collins et al), 224(OR)
The effect of primary care training on patient satisfaction ratings (Bialor et al), 776(BR)

Effects of self-administered previsit questionnaire to enhance awareness of patients' concerns in primary care (Hornberger et al), 597(OR)
First clinical judgment by primary care physicians distinguishes well between nonorganic and organic causes of abdominal or chest pain (Martina et al), 459(OR)
HIV risk screening in the primary care setting: assessment of physician's skills (Wenrich et al), 107(OR)
How can clinicians incorporate research advances into practice? (Larson), S20
Item bias in the CAGE screening test for alcohol use disorders (Volk et al), 763(OR)
Patients' perspectives on the management of emotional distress in primary care settings (Brody et al), 403(OR)
Primary care for the developmentally disabled adult (Messinger-Rapport and Rapport), 629(PER)
Primary care internal medicine training and women's health (Staropoli et al), 129(BR)

Primary care physicians' use of lumbar spine imaging tests: effects of guidelines and practice pattern feedback (Freeborn et al), 619(OR)
Redesigning primary care processes to improve the offering of mammography: the use of clinical protocols by nonphysicians (McCarthy et al), 357(OR)
Screening for psychiatric illness with a two-step instrument: what level of support is needed? (Valenstein et al), 679(OR)
So much to do, so little time (Liss), 135(ED)
Symptoms and science: the frontiers of primary care research (Kroenke), 509(ED)
Symptoms of major depression and tricyclic side effects in primary care patients (Rollman et al), 284(OR)
Textbook of Primary Care Medicine, by Noble (Horowitz), 78(BOOK)
Translating statistics for use in the clinic (Atkins), 626 (FRTP)
Prognosis
Clinical and echocardiographic correlates of health status in patients with acute chest pain (Fleischmann et al), 751(OR)
Measuring prognosis and case mix in hospitalized elders: the importance of functional status (Covinsky et al), 203(OR)
Promotion
Guidelines for promotion of clinical-educators (Lubitz), S71
Institutional change: experiences in two departments (Humphrey et al), S79
Prostate cancer
A decision analysis for treatment of clinically localized prostate cancer (Kattan et al), 299(OR)
Is there an easier way to determine whether early detection of prostate cancer reduces mortality? (Barry), 657(BR)
Questioning decision analysis for treatment of clinically localized prostate cancer, (Cher)(LET):(Kattan et al)(REPLY) 659
The utility of follow-up testing after curative cancer therapy: a critical review and economic analysis (Edelman et al), 318(CR)
What is a screening test? Misclassification bias in observational studies of screening for cancer (Concato), 607(OR)
Prostate hyperplasia
Diagnosis and treatment of benign prostatic hyperplasia: practice patterns of primary care physicians (Collins et al), 224(OR)
Prostate-specific antigen
Problems with interpreting results of PSA, (Nardone et al) (LET):(Meigs and Barry)(REPLY)200
Public hospitals
Increasing autopsy rates at a public hospital (Souza and Rosner), 315(BR)

Quality of care
Differences in generalist and specialist physicians' knowledge and use of angiotensin-converting enzyme inhibitors for congestive heart failure (Chin et al), 523(OR)
Quality of HIV/AIDS care, (Frank)(LET):(Holmes)(REPLY)517
A regional evaluation of variation in low-severity hospital admissions (Rosenthal et al), 416(OR)
Utilization and dosing of angiotensin-converting enzyme inhibitors for heart failure: effect of physician speciality and patient characteristics (Chin et al), 563(BR)
Quality of life
Health-related quality of life after elective surgery: measurement of longitudinal changes (Mangione et al), 686(OR)
Insights and limitations from health-related quality-of-life research (Guyatt), 720(ED)
Why should I live in pain? (Rifkin), 372(PER)
Quantitative assessments
Quantitative assessments from the clinical examination, (Nardone)(LET):(Hatala)(REPLY)516

Race
Do patient preferences contribute to racial differences in cardiovascular procedure use? (Whittle et al), 267(OR)
The influence of knowledge and attitudes about breast cancer on mammography use among latinas and Anglo women (Hubbell et al), 505(BR)
Lack of gender and racial differences in surgery and mortality in hospitalized Medicare beneficiaries with bleeding peptic ulcer (Cooper et al), 485(OR)
Race, gender, drug use, and participation in AIDS clinical trials: lessons from a municipal hospital cohort (Stone et al), 150(OR)
Recognition
Institutional change: experiences in two departments (Humphrey et al), S79
Recruitment
Recruitment and retaining clinical-educators: lessons learned from three programs (Osborn et al), S83
Reimbursement
Primary care physicians and capitated reimbursement: experience, attitudes, and predictors (Cykert et al), 192(BR)
Religion
Medicine, Society, and Faith in the Ancient and Medieval Worlds, by Amundsen (Pellegrino), 520(BOOK)
Research
How can clinicians incorporate research advances into practice? (Larson), S20
Insights and limitations from health-related quality-of-life research (Guyatt), 720(ED)
Symptoms and science: the frontiers of primary care research (Kroenke), 509(ED)
Residents, medical
Development and validation of a geriatrics knowledge test for primary care residents (Reuben et al), 450(BR)
Discrimination and abuse in internal medicine residency, (Paola and Malik)(LET):(Cook and Kane)(REPLY)137
The effect of primary care training on patient satisfaction ratings (Bialor et al), 776(BR)
Effects of an educational intervention on residents' knowledge and attitudes toward interactions with pharmaceutical representatives (Hopper et al), 639(BR)
Impact of an evidence-based medicine curriculum based on adult learning theory (Green and Ellis), 742(OR)
Internal medicine residency training and outcomes (Griffith et al), 390(CR)
A new instrument for residency program evaluation (Bellini et al), 707(BR)
Using relative value units to measure faculty clinical productivity in an academic health science center (Albritton et al), 715(BR)
Risk factors
Atherosclerotic risk factors are less intensively treated in patients with peripheral arterial disease than in patients with coronary artery disease (McDermott et al), 209(OR)
Counseling patients about HIV risk from oral sex (Gerbert et al), 698(PER)
HIV risk assessment (Schechtel), 722(ED)
The physician and pharmacist team: an effective approach to cholesterol reduction (Bogden et al), 158(OR)
Role models

Honor our role models (Linzer and Beckman), 76(ED)
The impact of role models on medical students (Wright et al), 53(OR)

Screening
The best test in the least time, (Nardone)(LET):(Hatala)(REPLY)516
Evaluating randomized trials of screening (Welch and Black), 118(FRTP)
Health status assessment: completing the clinical database (Wu et al), 254(ED)
HIV risk screening in the primary care setting: assessment of physician's skills (Wenrich et al), 107(OR)
The influence of knowledge and attitudes about breast cancer on mammography use among latinas and Anglo women (Hubbell et al), 505(BR)
Item bias in the CAGE screening tests for alcohol use disorders (Volk et al), 763(OR)

Survival estimates for patients with abnormal swallowing studies (Cowen et al), 88(OR)

Vision
Functional associations of 'trouble seeing' (Kington et al), 125(BR)

Women
Attitudes about treatment of coronary heart disease among women and men presenting for exercise testing (Ayanian and Epstein), 311(BR)
A balanced approach to traditional female genital surgeries (Hufford), 513(ED)
Female 'circumcision": African women confront American medicine (Horowitz and Jackson), 491(PER)
The influence of knowledge and attitudes about breast cancer on mammography use among latinas and Anglo women (Hubbell et al), 505(BR)
Lack of gender and racial differences in surgery and mortality in hospitalized Medicare beneficiaries with bleeding peptic ulcer (Cooper et al), 485(OR)
Ovarian aging and hormone replacement therapy: hormone levels, symptoms, and attitudes of African-American and white women (Pham et al), 230(OR)
Primary care internal medicine training and women's health (Staropoli et al), 129(BR)
Redesigning primary care processes to improve the offering of mammography: the use of clinical protocols by non-physicians (McCarthy et al), 357(OR)
The Seasons of a Woman's Life, by Levinson (Caldicott), 456(BOOK)

Zidovudine
Zidovudine adherence in persons with AIDS: the relation of patient beliefs about medication to self-termination of therapy (Smith et al), 216(OR)
